

# THE TRAIL

NUMBER 43.

EDMONTON, ALBERTA

JUNE, 1935.

(Cuts by courtesy of The Gateway)

## A MESSAGE FROM THE PRESIDENT

All members of the Council wish to express their appreciation of Dr. Wallace's willingness to address our members in this way and to bespeak for his message the attention it deserves.

To the Alumni and Alumnae of the University of Alberta:

Several years have passed since I have been in direct touch with all of you by letter or message from the University, though I have had the pleasure of meeting you in groups and as individuals in many cities and towns in Canada. It has occurred to me that you might welcome in *The Trail* a statement from myself as to the present standing and future outlook of the University, as I see it. If I present problems and difficulties as well as plans and aspirations, you will realize that I am endeavouring, in so doing, to give you in broad outline the picture as it is seen by one who has to view it at close quarters.

The lean years have taken their toll from universities as from individuals. The votes from the legislature to this University tell the story. In the fiscal year—

|               |              |
|---------------|--------------|
| 1927-28 ..... | \$478,803.00 |
| 1931-32 ..... | 588,388.00   |
| 1933-34 ..... | 390,000.00   |

The reduction from \$588,388.00 to \$390,000.00 is even heavier than the figures indicate, as it was necessary to provide within the vote for the permanent personnel of the Research Council of Alberta, which had previously been looked after in a vote independent of the University vote. It was met (1) by reduction in salaries to the extent of \$60,000 and the withholding of all increments provided for in the scale adopted in 1929; (2) by increase in fees to the extent of \$50,000; (3) by limitation of services throughout the University. No essential services were eliminated, but services in teaching, extension work and health (through the provincial laboratory) were heavily curtailed. Although a small measure of relief was made possible this year, that is essentially the present situation.

We begin to look forward to better conditions. In the process of recovery three needs in particular must be met. The salaries of staff must be raised to the standard of the scale which was adopted as a reasonable scale in relation to university teaching and services through-Canada. Otherwise we will suffer in quality of staff. Library accommodation, long overdue, must be provided by a library building, complete or in part. The needs of the students in physical education and in extracurricular activities must be provided for by a students' union building, the first wing of which will be a gymnasium and swimming pool. These are the first objectives and will demand

strenuous activity on our part and on the part of all friends of the University. But it is imperative that they be achieved.

And now for the other side of the picture. During these difficult years much thinking has been given to the value of university education, and there is definitely a clearer picture of the essentials and the non-essentials. In this responsibility of the staff students have played a not unimportant part, even though their outlook is necessarily more limited. A close cooperation is developing in the prairie universities, to the end that future expansion will be planned on a basis of common needs, each institution performing the function which it is best fitted to fill. Through the good offices of the Carnegie Corporation of New York, from which our University has received approximately \$100,000 in the last three years, a contribution of great value in the appreciation of music, art and drama has been made by the Extension Department, particularly in the rural districts of our province: while the school for the drama is filling a need in the Canadian West. From the same source our library has received very important additions in books: and a fund has been created to encourage research in all departments of knowledge, which will be of assistance for several years. The faculty of Agriculture is equipped in personnel to meet increasingly the demands in fundamental research, and is greatly aided through the facilities of the new farm. The School of Education trains a group of young teachers adequately grounded for the work of high school teaching, and carries on important researches in teaching material and method. The University hospital has now become an institution of outstanding quality, of great assistance to the faculty of Medicine in its clinical work. I mention these matters—I could mention others—not for satisfaction, but for encouragement. The end, we know, is not yet.

Next year twenty-five groups of alumni will have gone out from this house of learning. Has the time come when they should have a more direct part in the administration of their old university by obtaining the authority to nominate some of their members to the Board of Governors? I make the suggestion for your consideration, and as something that might prove to be constructively helpful in linking your interests and ours in our common work in the cause of education.

Very sincerely yours,

*R. H. C. Wallace*

THE TRAIL is published by the University of Alberta Alumni Association, and is sent to all members whose addresses are known.

Membership dues of the Association (\$1.00 for members residing where no branch exists) are now due and payable to the Treasurer of the Association.

#### OFFICERS OF THE ASSOCIATION

Honorary President: DR. R. C. WALLACE

President.....R. C. JACKSON, '15  
First Vice-President.....MRS. H. HAYNES, '18  
Second Vice-President.....E. J. THOMPSON, '26  
Third Vice-President.....MRS. W. P. CALHOUN, '27  
Secretary: G. B. TAYLOR, '23, '25, University of Alberta, Edmonton  
Treasurer: H. J. WILSON, '15, 11152 88th Avenue, Edmonton

#### MISCELLANEA

The Council of the Association is happy to extend to the newest members, the Class of 1935, a warm and hearty welcome! At all times the Association stands ready to maintain the contact between you on the one hand and, on the other, your Alma Mater and your classmates. Unless, however, the secretary is kept informed of your location this object cannot be attained. . . . You will not be continually pestered for fees (unless policy changes materially); although financial assistance will be acceptable when you are able to give it. So why not get the habit of scribbling a card when you move and of dropping in to see the secretary when you visit Edmonton?

\* \* \* \*

Our annual dinner on May 14 was a pleasant occasion. Dean Kerr, Honorary President of the graduating class, was the subject of many congratulatory references particularly on the part of M. Paul Suzor, the French consul for Western Canada, who on Convocation Day decorated the Dean with the Order of the Legion of Honor. French-Canadian representatives who were present on this occasion included the venerable Bishop Breynat, only other Alberta holder of this, the highest honor in the gift of the French government. The President of the University of Toronto, Dr. Cody, and Mrs. Cody, were also distinguished guests.

\* \* \* \*

Two hundred and forty-six new graduates knelt before or shook hands with Chancellor Rutherford on May 15. Of these about eight were graduates of other universities. The names of the following alumni appeared on the prize list: *Epstein, W. H.*, '33, '35 (The Chief Justice's Gold Medal in Law, the Carswell Prize in the Faculty of Law, and the National Trust Prize in Law), *Smith, F. M.*, '30, '35 (The Moshier Memorial Medal in Medicine and the Scholarships in Medicine and Surgery of the College of Physicians and Surgeons of Alberta), *Shortliffe, Glen*, '34, '35 (The French Government Bursary), *Revell, John E.*, '26 (The Scholarship of the Calgary Dental Society), *Bierwagen, A. D.*, '33, '35 (Third prize, Philosophical Society Essay Contest), and *Woodford, K. W.*, '34 (U. of A. Research Scholarship). Twenty-five alumni received the diploma and high school teacher's certificate, and twenty-two the M.A. or M.Sc., while not a few of the graduates in law and medicine and divinity were also alumni. After the bestowal of the LL.D. (honoris causa) on the Hon. Mrs. *Parlby*, Chief Justice *Simmons* and Dr. *Cody*, the latter delivered an eloquent address. The occasion was notable for the graduation of our first woman electrical engineer, Miss *Esther Rabkin*, and of two Australian dentists, Drs. *Gildea* and *Madigan*.

\* \* \* \*

The following with the branch presidents make up the new Council of the Association. They will hold office from July 1, 1935, to June 30, 1936:

President—H. J. Wilson, '15.  
First Vice-Pres.—Mrs. N. V. Buchanan (nee Helen de Silva), '29.  
Second Vice-Pres.—Mrs. Frank Law (nee Bernice Carmichael), '23.  
Third Vice-Pres.—J. H. McLaughlin, '25, '27.  
Secretary—G. B. Taylor, '23, '25.  
Treasurer—Roy C. Jackson, '15.

Certain changes in the constitution were voted on and approved during April by the members in good standing. Briefly summarized, these provide for (i) submission of the report of the nominating committee to members in good standing on April 1st instead of March 1st; (ii) use of the interest on the Tory Scholarship Fund for current purposes (it is intended to devote this revenue to the award of an alumni prize); (iii) equal division of branch membership fees with the Association, e.g., if branch membership is \$1.00, fifty cents per member will be remitted to the Association.

\* \* \* \*

Congratulations are being extended to Dr. A. C. Rutherford, in view of his second re-election (by acclamation) as Chancellor of the University. He has held this office since 1927. At the same time the following alumni were also named for a four-year term on the Senate: R. B. Hall '23 of Innisfree, Dr. W. A. Henry '21 of Bentley, and H. G. Nolan '14 of Calgary.

\* \* \* \*

The attention of those qualified and interested is directed to the announcements of two Civil Service examinations as follows:

Comp. No. 24074: *Executive Assistant*, \$3,720 per annum. Qualifications: University graduation (or equivalent); at least 3 yrs. of clerical experience in a supervisory capacity; wide knowledge of pension laws and regulations and of Canadian Pension problems with at least two years experience in an exec. capacity in connection with the administration of the Pension Act; a wide degree of organization and supervisory ability.

Comp. No. 24055: *Herdsmen* at Expt. Farms Branch, Melfort, Sask. \$1,050 per annum. Qualifications: Educ. equiv. to high school grad., preferably agriculture college training; at least 3 years of experience with full responsibility in the handling and breeding of large and valuable herds; thorough knowledge of the principles and practice of breeding, feeding, management and care of live stock; supervisory ability; good physical condition.

Application forms in both these competitions must be filed in Ottawa not later than July 11, 1935.

#### ALUMNI NOTES

I wish that some of you old timers, early birds, pre-1925'ers would unlimber your fountain pens (or call in your secretaries), spread yourselves for about a page, and then gamble three cents! It is a common remark that "I was sorry to see so little news of Class So-and-so in the last Trail." My appeal to the Ontario and B.C. graduates fell largely on deaf ears, although a few responded as you will see. By the way, Vancouver members, don't overlook the fact that Dr. and Mrs. *MacEachran* will be with you again this summer at 4640 Marine Drive. They would be glad to have you make yourself known to them or to have you renew their acquaintance. The telephone number (under Mr. Runkle's name) was Elliott 1369L.

\* \* \* \*

#### 1912-1925

I am again grateful to the editor (Rev. Mr. *Fawcett*) of the St. Stephen's College News Letter for information regarding some of our older members. As from July 1st the following changes in station will be effective: Rev. A. J. Law '11, Hughenden, Alberta; Rev. Douglas Telfer, '14, '15, '16, 1935—10½ St. W., Calgary; Rev. J. R. Geeson, '16, '20, '22, Didsbury, Alberta; Rev. V. M. Gilbert '17, Strathmore, Alberta; Rev. T. J. Stainton '18, '19, Bashaw, Alberta. \* \* Dr. Fulton Gillespie '14, '21, is "refreshing" his work in Great Britain. For some time he was a clinical assistant at St. Mark's Hospital, London, but is now in Edinburgh. \* \* May 30—had today pleasant telephone conversation with Mrs. Eugene Coleman (nee Dobry) '21, '22. Chris, who was on her way to New York, had much enjoyed looking around the campus and meeting old friends. Her address is 512 East Sunset Canyon Drive, Burbank, California. \* \* Walter Herbert '23, '26, came to bat again in April with a most welcome half-dozen fees from Winnipeg. Said he: "This represents money which has been forced into my hands recently by the following: Sid Stephens '25, '27, c/o Jas. Richardson and Sons, C. K. Muir '23, '26, c/o Investors Syndicate, William Hanna '22, '23,

Dominion Rust Research Lab., *Ross Cooper* '26, 504 Medical Arts Building. They all feel like sending ten dollars each for The Trail, but I took the ones when I could get them. . . . Everyone fine—hope you too." . . . *W.B.*'s address is 806 Great West Permanent Building. Wish you people in other places would appoint a temporary treasurer and "force" some dollars into his or her hands. \* \* Two members of class '25 promptly responded to the last issue of The Trail, *G. Allen Mail* and *C. K. Johns*. The former writes in part from the Dept. of Entomology, Montana State College, Bozeman: "I have been here since 1928 (now Asst. Prof.). *Jimmy Pepper* '31 is also on our staff here. *Reg. Salt* '30 got his Master's here two years ago and went to Minnesota on a Caleb Dorr fellowship. I understand he is on the last leg of his Ph.D. *Bill Martin* '24, '26, was on the research staff here for three years, but last year left to go into commercial work in Chicago (will someone please furnish *Bill*'s address?) Last week while getting some facts about an alleged black widow spider victim at Sweetgrass, Alberta, I ran into Dr. '30 and Mrs. *W. A. Meadows* (nee *Rachael Horner*) '29, who are just across the border at Coutts. . . . Bozeman is on the northern route to Yellowstone Park and both Jimmy and I would like any U. of A. folks who visit the park to look us up at the College—bug department." . . . *C.K.*, who is still a bacteriologist at the Dominion Experimental Farm, Ottawa (58 Fulton Ave.), sent along some shekels, which is a regular habit of his. He remarked, "The Alberta group still hold monthly meetings, although not all the graduates in Ottawa are regular attendants. We've gradually worked round to about a dozen or so who turn out regularly. *Syd* '21 and Mrs. *Barnes* are here as usual for a couple of months this winter (from *Swift Current*?—Sec.), while *L. B. Thomson*, '25, from the Dom. Range Expt. Farm at Manyberries, is also in town these days. . . . Sorry to hear we are being deprived of the privilege of hearing Dr. *Alexander* in the House. It's terribly disillusioning to spend a few hours there!" Class '25 will recall that Mrs. *Johns* was *Dorothy Farnalls*.

\* \* \* \*

Will you now pause and imagine yourself to be a member of the Alumni Council; just to be realistic, to be *this* particular member! Here are some facts:

- (1) Directory issues of Trail were published in 1927 and 1931 and were well received.
- (2) It is now 1935.
- (3) Four classes (nearly 1,000 people) have graduated since 1931.
- (4) The cost of the 1931 issue was approximately \$165.
- (5) The balance on hand after paying for this (June) Trail will not be more than \$25.00.

What is your conclusion? I'm very much mistaken if it's not this: "No possibility of a directory unless a flock of fees are paid before autumn." *Verbum sat sapienti est.*

\* \* \* \*

#### 1926-1928

On the 2nd of April I was gratified to have *D. P. Goodall* '26 drop in for a chat. He gave his address as Black Diamond, Alberta, and told me that his brother, *L. B. Goodall* '28, had been for some time with the Dominion Seed Branch at Calgary. \* \* From Miss *Milne* '31 in the Poultry Dept. I learn that *Edmund Johnson* '26 operates the Hillview Hatchery at 10021 95th St., Edmonton. \* \* One of the few responses from B.C. came from Dr. *J. M. Large* '26, '30, Kelowna, as follows: "*C. C. Kelly* '25 and Mrs. *Kelly* (nee *Dora Jones*) now reside with their two fine children in Kelowna, where C.C. is connected with the Dom. Govt. Soil Survey in the Okanagan. Dr. *C. H. McKenzie* '27 is at Belmont, Montana, and *R. F. P. Bowman* '28 is C.P.R. roadmaster at Lethbridge. Dr. *Bob Langston* '29, of Port Coquitlam, B.C., looked well when I saw him last fall at Kamloops. (Mrs. *Langston* was *Kathleen Woods* '29.) I suggest that you get hold of *Adrian Price* '31, c/o Beare's Stationery Co., who is travelling out of Calgary if you want a mass of information." Thanks, Doc; will *Adrian* kindly come to bat? \* \* From *Marjorie Allin* '33 I learn that her brother *Eardley* '27 is now a Fellow of the Royal College of Surgeons, England. \* \* During the session *W. T. Begg* '34, who is studying law, dropped in to say that his brother *Gavin* '27 is now associated with the Workmen's Compensation Board in Saskatchewan at Regina (24 Braemar Apts.). \* \* *Fred P. Irwin* '27, 200 London Road, Sarnia, was one of about

three Ontario alumni who responded to my February appeal. After a few congratulatory remarks he goes on to say: "I have been living and working in Sarnia for almost four years now, and have been fortunate enough to be able to follow my original choice of chemistry being in the Inspection Laboratory of Sarnia Refinery (Imperial Oil, Ltd.). The only other Albertan here is *Al. Borrowman* '30, and we occasionally get together to discuss the campus and its activities. . . . While welcoming the New Year in Montreal, I came across Chief *Davis*, and learned that he is in the Engineering Dept. of our refinery at Montreal East." (Which *Davis* is this please? And what is Dr. *Borrowman*'s address?—Sec.) \* \* *Max Wershof* '28, '30, is now associated with the law firm of Speers, Ogilvie and Buckley in Edmonton (209 Northern Investment Bldg.). \* \* From his sister *Isabel* '28, who teaches H.Ec. in Edmonton, I learn that *Hugh Millar* '32 is an accountant for the Western Construction and Lumber Co. at Whitecourt, Alberta. \* \* Next in my file is a splendid letter from *Effie Harper* (nee *Slonaker*) '28. She says in part: "*Bill* (also '28) and I are farming what was once a demonstration farm at Claresholm. We occasionally see *Jean Gordon* '32, dietitian at the Auxiliary Hospital, *Mary Bell* '31 and *Marguerite Calder* '30, both on the H.S. staff here, *Bertha Strangways* '31 and Mr. and Mrs. *D. A. Mouser* (nee *Jessie Salmon*) '29. *John Peirce* '27 has a dairy farm near town. . . . Bill has been out speaking on the Poultry Marketing Act and he sends news of *Tom Kilduff*, '29, '32, who is in charge of feed relief out Drumheller way, and (Rev.) *Bill McDannold* '30, '33, of Delia, who was attending a presbytery meeting at Drumheller. . . . There are a great many of us who are very disappointed (re Board of Governors' ruling), as it seems to mean that any person who teaches in a centre of higher learning must automatically forego the more important of his rights or duties as a citizen. Can't something be done about it?"

In case many graduates are not aware of developments in the situation to which Mrs. *Harper* refers may I digress to bring the topic up to date. During the recent session of the Legislature a private bill was brought in by a Labor member to prevent the Board of Governors from restricting the political activities of members of the staff. This bill was not passed. On the 10th of April the following resolution was passed by the Board of Governors: "As the ruling made by the Board of Governors on Jan. 4 of this year with reference to participation of members of the University staff in politics appears to have created situations which in the judgment of the Board cannot be satisfactorily settled in the best interests of the University immediately before a political contest, and as it has been represented to the Board that its present application to the one member of the staff whose name has been before the public is working a hardship on the party he represents by interfering with their plans theretofore made, it is agreed that the operation of the ruling be suspended for the present year." . . . It seems to the writer that if there were some alumni on the Board of Governors it would be easier to "do something" (see the last paragraph of Dr. *Wallace*'s letter, elsewhere in this issue).

"Last year," says *W. R. Foster* '28, "I visited many places in B.C. on a lecture tour. At Chilliwack *Mildred Paskins* '29 was teaching Household Economics and *Andy Wilson* '27 was practising medicine. At the Expt. Farm at Summerland I visited *W. M. Fleming* '19, Asst. Supt., and later at Vernon saw *C. C. Kelley*, who is in charge of a soil survey. Kindly inform my friends that I live in Victoria and that my name is in the phone book; my address is 'Cragalyne,' Ten Mile Point, Victoria." . . . I understand that Mr. *Fleming* is now horticulturist at the Expt. Farm, Saanichton, B.C. \* \* A newspaper clipping which dates back some months indicates that *Dillon Cornwall* '28 has been awarded a graduate scholarship in the department of English at the University of Chicago, where he is working towards the Ph.D. \* \* Dr. *Ronald Richardson* '30, A.C.I.C., is associated with the *W. E. Phillips Co., Ltd.*, at Oshawa, Ontario, as a research chemist. \* \* A splendid letter from *Roly Young* '28, '30 (also Dr.) completed the trio from Ontario last February. *Roly*, whose address is Box 213 Copper Cliff, Ont., is with the Int. Nickel of Canada, Ltd., and says in part: "I am enjoying the work in the laboratory here, even if it affords little else but experience in industrial chemistry. . . . The country around here is quite a contrast to Edmonton. In the early days the ore was roasted in open pits with wood and what natural vegetation remained after the countryside was scoured for fuel was killed by

the SO<sub>2</sub>. With the introduction of the modern smelter, the utilization of SO<sub>2</sub> for sulfuric acid manufacture and the installation of a Cottrell system, trees, shrubs and flowers grow well in the town. . . . A fine artificial ice rink was erected here last fall, and I had high hopes of a little hockey. No interdepartmental league or scrub teams were organized, however, so my skates are still in Edmonton." Roly speaks feelingly of hockey, as he is regarded as a charter member of the staff-grad. club here—which, by the way, is still in existence, though not as strong in numbers as in former years.

#### 1929-1934

News of Class '29 seems either to have been already mentioned or to appear under "Vital Statistics." *Mabel Dickson* '30 looked me up the other day while in Edmonton (until July 20) on holiday. She has spent the last five years in the States at five different institutions, has acquired her Master's from Stanford, and since last Christmas has been instructor in nutrition at Ohio State Univ., Columbus, Ohio (Dept. of Home Economics, Campbell Hall). Here is an alumna who is "going places" in more than one sense of the term! \* \* *Cyril N. Tingle* '30, '32, was admitted to the Alberta Bar on April 24; he is associated with Mr. P. G. Thomson, K.C., 506 Tegler Bldg., Edmonton. \* \* The Trail, forwarded from San Francisco, reached R. P. (Bob) Alexander '30 in Japan. He is a director of the Sakuma Industrial Co., Ltd., Tokyo (P.O. Box No. 484), and remarks that "it is mighty seldom that I have the pleasure of meeting any graduates of the U. of A. in this country. I believe there are not more than three altogether. I am enjoying my work here, am supporting a couple of fine girls (my wife and daughter), but regret exceedingly not being in contact with the many friends I made while at the University of Alberta." . . . Surely it is one of the primary purposes of this publication to maintain such contacts! \* \* Rev. *Harold Ricker* '30, '34, of Montney, B.C., makes a most suitable acknowledgment of the last Trail and adds: "Montney is 78 miles from the end of steel northwest of Dawson Creek and 18 miles northwest of Fort St. John. I have only heard a train whistle two or three times since July, so I feel quite a pioneer. Many of the 130 families in my territory are on relief—I have distributed nearly a ton of clothing during the fall and winter months. . . . I hope finances make it possible to publish another directory issue in the near future." Them's our sentiments to a T, padre! \* \* Hearty congratulations to (Dr.) *George Harcourt*, that brilliant geologist, on his appointment to the staff of Harvard University. *George* has won a series of scholarships during the past five years, so his appointment is well-deserved. \* \* *Ernest Vestine* '31 has a low opinion of London weather. Working on terrestrial magnetism at the Imperial College of Science (South Kensington, London, S.W. 7), he is obtaining his diploma this summer and hopes to land the Ph.D. next spring. \* \* My other notes re class '31 refer to *Peter Greschuk* (LL.B. '33), who was recently admitted to the Alberta Bar (c/o Harvie, Bury & Yanda, Edmonton), and *William Kostash*, who teaches high school at Hairy Hill, Alberta. \* \* Quite a grist of news about the 32-ers, though meagre when one thinks of their numbers. *Harry Hargrave* indites a letter heavily weighted with vital statistics (which see), and remarks: "Out here (Dom. Range Station, Manyberries, Alberta), some 35 miles from the nearest town, we seldom run into any of the graduates we know—especially when transportation is at a standstill due to two feet of snow and no highway. . . . I have the position of livestock assistant here and am very happy in my work. . . . *J. L. Eaglesham* '32 is with the Dept. of Agriculture at Vegreville, while *L. W. McElroy* '33, '34, is working with livestock problems at the Lethbridge Expt. Farm. *L.B.* '25 and Mrs. *Thomson* (nee Bertha Edgar) '25 are also here at the Range Station." \* \* Dr. *J. W. Bridge* (c/o Dept. of Public Works, Edmonton) is with a travelling clinic in Alberta this summer. \* \* *Bob Cameron* has been appointed Asst. Canadian Trade Commissioner at Panama City (P.O. Box 222). \* \* Another newly-qualified lawyer is *A. E. Burgess*, LL.B. '34, who was admitted to the Alberta Bar early this month. He is located at Camrose, Alberta. \* \* *Jessie Wetmore*, who landed her M.A. this spring, gave me a few notes as follows: *Ruth Freebury* '32, principal of two-roomed school at Streamstown, Alberta, teaches grades 8-11; *Alma Harris* '32 has a rural school at Ranfurly, Alberta; *Nora Brown* '34 teaches south of Kitscoty, while *Grace Elmore* '32 is similarly occupied at Kitscoty and *Isobel McRae*

'34 has a rural school at Sylvan Glen, via Fawcett, Alberta. \* \* At Easter I saw *C. B. Johnson* '32, who is teaching in the Vermilion High School. With him there are *Ernestine Capsey* '27, *Marion Clements* '33 and *P. H. Steele* '34. *Carl* informed me that *Art Wilson* '32, '34, and *Wilfred Malaher* '25 are still on the staff of the Agricultural School at Vermilion. \* \* When *William Poole* '32, '34 (who was instructing in Pol. Econ. here last winter and is now at the U. of Chicago) was in the office he remarked that *Dick Bryden* '22 was now associated with the Winnipeg Hydro, and was living at 54 Balmoral Place, Winnipeg. I wonder if *Donald Bryden* '26, '28, is also with the same company? \* \* *Harold Knight* '32 (Tadanac Staff House, Trail, B.C.) did not disdain my appeal to B.C. graduates; in fact, he supplied some sinews of war as well as the information that "*W. S. Macdonald* '32 and *J. F. Fanset* '33 are both teaching, the former at Sunnynook, Alberta, and the latter at East Cardston, Alberta."

Professor *Burgess*, who is in England this summer, gave me some news of *George Meech* '33 before he left. *George*, who migrated to England during the summer of 1934 by the "University Special," landed a job soon after his arrival with Mr. F. Atkinson, F.R.I.B.A., and was in charge of the plans for a large apartment building when he last wrote. His address: London House, Caroline Place, Mecklenburgh Sq., W.C. 1. \* \* *Ken Jackson* '34 is associated with Messrs. Taylor & Pearson, Edmonton, in radio engineering, while I believe *Walter Smith* '33 is with the Riverside Iron Works in Calgary (my record shows 222 3rd Ave. N.E. for him). \* \* *Vera Pike* '34 (26 Park Row Ave. S, Hamilton, Ont.) is doing P.G. work in French towards her M.A. at McMaster U. \* \* One of the three University Research Scholarships has been won by *Kenneth Woodford* '34, whose specialty is field crops. \* \* Another "winner" is *Glen Shortliffe* '34, '35, his plum being the French Government Bursary. *Glen* plans to leave about the end of July and will study at the Sorbonne. \* \* My last note concerns *Ralph Zuar* '33, '34, who advises me "that I have arrived safe and sound at the U. of Chicago and have already completed one quarter of the three which are the residential requirements. . . . Although Chicago is a very interesting city and the University a marvellous opportunity (I am simply awed by the Library), I am looking forward to returning 'home' to Alberta." *Ralph* is located at 6052 Ingleside Ave., and is looking forward to seeing other Albertans during the summer quarter.

Station A.A.U.A. signs off at last, and hopes to broadcast a directory when next "on the air." Cheerio.

GEOFF.

## NEWS OF THE BRANCHES

### CALGARY

President, *Glen Peacock* '25; Secretary, *Jean Irving* '34, 3025 Elbow Drive; Treasurer, *John Bayne* '29, 3012 1st St. W. Last February Miss *Irving* reported that "outside of the Varsity Ball our activities this season have been somewhat limited. However, the new executive is now undertaking a membership drive (cheers from our treasurer—G.B.T.). We are also having a dance on Saturday, March 9 at the Bowness Golf Club." Just the other day *S. E. Epstein* '35 was in the office, and reported that a picnic was to be held during this last week of June. . . . Other members of the Calgary executive are: Vice-President, *Dorothy Muir*; Executive, *Marie McCaffery* '24, *Betty Williams* '29, *Jim Cairns* '25, '27, *Herb. Hutton* '30, *Roger Harding* '29, and Dr. *D. C. Haworth* '28.

### MONTREAL

President, Dr. *E. H. Cayford*, ex-Med '21-'24; Sec.-Treasurer, Dr. *R. L. Kutz* '26, '28, 1832 Bayle St. The annual meeting of the Branch took the form of a tea held in Strathcona Hall on April 20. Thirty-five graduates and former students attended. Mrs. *J. B. Collip* and Mrs. *J. A. McAllister* poured tea at a table decorated with Alberta colors and fresh spring flowers. Dr. *Collip* '24, '26, presided over a short business session, during which the report of the secretary-treasurer was read and approved. Other officers elected were: Vice-President, *Gwen Toby* '26; executive, Mrs. *L. C. Marsh* (nee *Helen Cautley*) '30 and *Sydney Sillitoe* '31, '33. After the business was completed, Dr. *W. D. Woodhead* '13 related in an

amusing manner many of his experiences at the U. of A. from 1911 to 1915. The meeting was acclaimed a real success, and many began to look forward with interest to another meeting in the autumn.

George Haythorne '30, '32, the energetic retiring secretary-treasurer of the Montreal branch, has written to the scribe several times recently, and helpfully sends in a list of addresses which will be published if space permits. In his last letter he gave some news as follows: "No less than five Alberta alumni will receive Ph.D.'s tomorrow (May 30), namely: *George Argue* '31, '32, *Joe Edwards* '31, '33, *Paul Gishler* '25, '31, and *Sid Overbaugh* '31, '33, all in chemistry, and *Ken Lowther* '31, '33, in geology. *Marg. Dickson* '32 will receive her Bachelor of Library Science. Three former Alberta students will obtain the M.D., namely, *Jim Nixon*, *Carl Derkson* and *Les Williams*, the last named carrying off the Alex. Stewart prize in medicine. *Harold Morris* will receive his bachelor's degree in mech. engineering. . . . *George Argue* will have a chance to try out on a larger scale some of his researches with the Fraser Co., who have a pulp mill at Edmunston, N.B. *Joe Edwards* will remain for another year in the Pulp and Paper lab. at McGill. *Paul Gishler* remains at McGill for the summer, after which he will probably go to Trail. *Sid Overbaugh* leaves shortly to fill a position in the Research Lab. of I. E. Dupont de Nemours Co., at Wilmington, Delaware. *Ken Lowther* is at present working on a geological survey in Quebec. . . . *Margaret Kinney* '32 and *Elliott Birdsall* '31, '34, were in Montreal recently on their way to and from the McGill S.C.M. Camp at Oolahwan. *Margaret* is enjoying her work as assoc. general secretary of the S.C.M. in Canada. *Elliott* reported an interesting and valuable year at Union Seminary, New York. He is to reside in Winnipeg next year, where he has recently been appointed general secretary of the S.C.M. for U. of Manitoba. *Bill Hole* '33 arrived in Montreal a few weeks ago from England. He is doing some research in civil engineering with Darling Bros. of Montreal. A bursary from the U. of London is enabling him to carry on this work. He looks none the worse for his two years in London, although he spoke none too enthusiastically about the boat trip. . . . I have been fortunate in obtaining a scholarship at the Zimmern School at Geneva for six weeks during August and September." Hearty congratulations, *George*, and many thanks for your valuable assistance!

#### EDMONTON

President, *R. V. Clark* '28; Secretary, *Dorothy Argue* '32, 11905 82nd St.; Treasurer, *Jack Cormack* '32, 41 Gariepy Block. The annual meeting was held in the Arts Building, June 27, with ten alumni present. A motion to disband the branch was amended to provide for a canvass of the situation during the next three months by some devoted alumni who do not desire to see the local organization collapse. Mr. *Clark's* report on the progress of the School for the Unemployed was a very bright spot in an otherwise dreary view. There are in the writer's personal knowledge a few alumni in Edmonton who believe in the work being carried on. If a sufficient number of these will give sympathetic consideration to the situation it may be saved. . . . Those present at the meeting were astounded to learn that approximately 725 notices had been sent out within the city.

#### VITAL STATISTICS

##### BIRTHS

- ADAM—At Vermilion, Alberta, February 18, 1935, to Mr. ('22, '27) and Mrs. James D. Adam, a son, James Frederick.
- AUXIER—At Edmonton, March 22, 1935, to Mr. ('27) and Mrs. G. W. Auxier, a daughter, Shirley Ann.
- BELL—At Vermilion, September 13, 1934, to Dr. ('24) and Mrs. W. W. Bell (nee Mildred Bell) '26, a son, John Leslie Raymond.
- BENTLEY—At Hythe, Alberta, June 16, 1935, to Mr. ('32, '34) and Mrs. N. N. Bentley (nee Margaret Moore) '33, a daughter, Elizabeth Ann Margaret.
- CLARK—At Edmonton, May 4, 1935, to Mr. ('28) and Mrs. R. V. Clark, a daughter, Evelyn Ann.

- KEMP—At Lethbridge, June 6, 1934, to Mr. ('30) and Mrs. M. D. Kemp, a son, Edward Millard.
- LAWRENCE—At Montreal (5026 MacDonald Ave.), May 1, 1935, to Mr. and Mrs. T. M. Lawrence (nee Dorothy Sproule) '30, a daughter, Jean Agnes.
- MacGREGOR—At Edmonton, March 5, 1935, to Dr. ('26, '30) and Mrs. J. W. MacGregor, a son.
- MEADOWS—At the University Hospital, June, 1935, to Dr. ('30) and Mrs. W. A. Meadows (nee Rachael Horner) '29, of Coutts, Alberta, a son, David William.
- MICHAEL—At Southgate, California, June, 24, 1934, to Mr. and Mrs. D. C. Michael (nee Hope Hargrave) '31, a daughter, Mary Helen.
- SOUCH—At Sudbury, Ontario, to Mr. ('31) and Mrs. B. E. Souch, a son, Ronald.
- STOVER—At Edmonton, March 1, 1935, to Dr. ('18, '21) and Mrs. N. M. Stover (nee Verna Lee) '19, a daughter, Eleanor Diane.
- BROWN—At the University Hospital, June 16, 1935, to Dr. ('29, '31) and Mrs. R. J. Brown, of Jasper, Alberta, a daughter, Shirley Laurette.
- REA—At Edmonton, June 19, 1935, to Mr. and Mrs. William Rea Jr. (nee Marjorie Foster '32), a daughter.

#### MARRIAGES

- FORD—NIXON—At Edmonton, November 10, 1934, Gwen, '34, daughter of Mr. and Mrs. G. A. Nixon, of Edmonton, to Jack, '34, son of Mr. and Mrs. H. J. Ford, of Regina. Mr. and Mrs. Ford are residing in Regina (49 Willingdon Apts.).
- HAMILTON—McINTYRE—At Ponoka, Alberta, September 22, 1934, Isabel, daughter of Mrs. McIntyre, of Okotoks, Alberta, to Reginald, '27, '31, '32, son of Mrs. R. J. Hamilton, of Edmonton. Dr. and Mrs. Hamilton are residing at the Provincial Mental Hospital, Ponoka, Alberta.
- HARGRAVE—McELROY—At Edmonton, September 5, 1934, Ruth, '33, daughter of Mr. and Mrs. V. McElroy, of Edmonton, to Harry, '32, son of Mr. and Mrs. T. A. Hargrave, of Medicine Hat. Mr. and Mrs. Hargrave are residing at Manyberries, Alberta.
- HENRY—MacNAB—At Edmonton, June 15, 1935, Jane Josephine, '30, daughter of Mrs. Wm. MacNab, of Edmonton, and the late Wm. MacNab, to Alan William, '31, son of Mr. and Mrs. W. T. Henry. Mr. and Mrs. Henry will reside in Edmonton (Westminster Apts.).
- LOBSINGER—BROWN—At Victoria, B.C., December 29, 1934, Patricia, '34, daughter of Mr. and Mrs. W. Ellis Brown, of Victoria, to Allan J. Lobsinger, of the Dept. of Anatomy, University of Alberta. Dr. and Mrs. Lobsinger are residing in Edmonton (H Annamoe Apts.).
- LAMBERT—BRANDER—At Edmonton, June 22, 1935, Bessie, '35, daughter of Dr. and Mrs. J. F. Brander, of Edmonton, to Richard, son of Mr. W. A. Lambert, of Victoria, B.C. Mr. and Mrs. Lambert will reside in Edmonton (Chatham Apts.).
- LOVE—KINNEY—At Edmonton, January 19, 1935, Dorothy, daughter of Mr. J. A. Kinney, of Edmonton, to the Hon. J. R. Love, '20, of Edmonton. Mr. and Mrs. Love are residing in Edmonton (12228 113th Ave.).
- McGAVIN—BELL—At Toronto, Ontario, June 1, 1935, Beatrice, '32, daughter of Mr. and Mrs. Norman Bell, of Toronto, to Allan, son of Mr. James McGavin, of Vancouver. Mr. and Mrs. McGavin will reside in Vancouver (3691 39 Ave. W.).
- MARTLAND—BURY—At Edmonton, March 30, 1935, Iris, daughter of Mr. and Mrs. R. H. Milner, of Edmonton, to Ronald, '26, '28, son of Mr. and Mrs. John Martland, of Edmonton. Mr. and Mrs. Martland will reside in Edmonton.
- MORRISON—SHERMAN—At New York, May 22, 1935, Florentine St. Clair, daughter of Mr. and Mrs. H. H. Sherman, of New York, to Hugh, '30, son of Mrs. M. W. Morrison, of Edmonton, and the late Judge Frederick Morrison. Mr. and Mrs. Morrison are residing in Toronto (Scarborough Artists' Guild).

**PEPPER—STAPLES**—At Butte, Montana, summer 1934, Ruth Staples, to James, '31, son of Mr. and Mrs. E. L. Pepper, of Leslieville, Alberta. Mr. and Mrs. Pepper are residing at Bozeman, Montana (Dept. of Entomology, Montana State College).

**PUTNAM—WHIMSTER**—At Penticton, B.C., January 3, 1935, Jeanne, R.N. '33, daughter of Mr. and Mrs. Whimster, of Penticton, B.C., to Robert, '31, '33, son of Mr. and Mrs. Wm. Putnam, of Medicine Hat, Alberta. Mr. and Mrs. Putnam are residing in Edmonton.

**SCARTH—DALGLEISH**—At Claresholm, Alberta, December 25, 1934, Lorna, '27, daughter of Rev. and Mrs. R. W. Dalgleish, of Claresholm, to William Scarth (Manitoba). Mr. and Mrs. Scarth are residing at Vermilion, Alberta (Provincial School of Agriculture).

**WHEATLEY—MacLEAN**—At Regina, Saskatchewan, June 19, 1935, Jessie, daughter of Dr. and Mrs. Hugh MacLean, of Regina, to William, '34, son of Mr. and Mrs. A. L. Wheatley, of Regina. Mr. and Mrs. Wheatley will reside in Regina.

### DEATHS

**DENSMORE**—At Sylvan Lake, Alberta, March 10, 1935, Harland Levi Densmore, B.A. Manitoba, M.A. Alberta, 1926.

Edmonton, Alberta, June 25th, 1935.  
Presented on behalf of the Executive.

H. J. WILSON,  
Treasurer.

Edmonton, Alberta, June 25th, 1935.

I have audited the books and vouchers of the Alumni Association of the University of Alberta for the period ended June 18th, 1935. Subject to a verification of the unpaid fees, which are not reflected in the accounts, I have received all the information and explanations I have required. In my opinion the above balance sheet is properly drawn up so as to present a true and correct view of the Association's affairs according to the best of my information and the explanations given to me and as shown by the books.

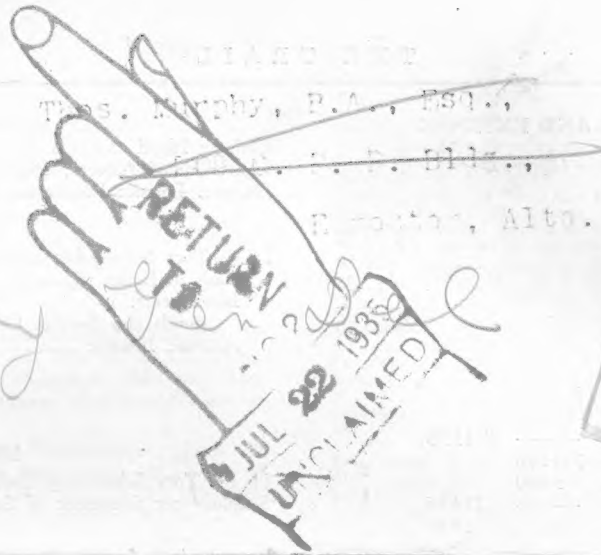

C. K. R. HUCKVALE, C.A.,  
Auditor.

STOP PRESS: At the annual meeting of the Association on June 27, Dr. Wallace's suggestion re alumni representation on the Board of Governors was discussed. A resolution was passed recommending that the Council should circularize the alumni to ascertain their attitude toward the proposal; if the reaction were favorable the Council to take up the matter with the proper authorities.

THIS IS THE CIRCULARIZATION. The matter is before you. What do you want the Council to do?

In consequence of the motion made at the recent annual joint meeting of the Alumni Association at large and the Edmonton branch, that the Edmonton Branch be disbanded, a committee consisting of Miss H. P. Porter, Arts '31, Mr. A. T. McLean, Law '33, and Mr. L. L. Alexander, Arts '32, was appointed to make a thorough canvass of the situation during the present summer. The committee hopes by a canvass of the situation in Edmonton to arrive at some conclusions concerning not only the difficulties encountered by the Edmonton branch, but the apparent lack of interest evinced by a majority of graduates in the Alumni Association as a whole. Already several graduates resident in Edmonton have announced themselves as ready to assist the committee, and in view of the large extent of the work to be undertaken the committee will be glad to receive offers of assistance from any other interested alumni. Mr. McLean may be reached by telephoning 25147 and Mr. Alexander at 32080.
